

NOTICE:

Your private applicator certificate will soon expire. The Maryland Department of Agriculture, in conjunction with the Maryland Cooperative Extension, has printed this list of recertification sessions conducted by the Cooperative Extension in an effort to help you plan ahead for fulfilling your training requirements. If you can not make a particular meeting in your county you can contact a neighboring county about attending their session.

The list is broken down by geographical regions in Maryland. The recertification training dates, times of the meetings and counties are listed for each of the regions. In some counties, due to the low number of individuals needing to attend recertification training sessions, sessions have been combined.

These meetings and dates may be subject to change. You should contact your county extension office to verify the date and time, and to register for a particular meeting. ***In addition, some counties had not set their training dates at the time of printing so please contact your county extension office for more information.***
